TECHNICAL SKILLS

- Full Stack Developer
- Technical Support
- Trouble Shooting

PROGRAMMING LANGUAGES AND TOOLS

- Java
- Kotlin
- Figma
- Git
- Tailwind
- Laravel
- JSX
- React

CORE WORK SKILLS

- Problem-Solving
- Communication
- Team Collaboration
- Time Management
- Adaptability

PROFILE SUMMARY

Computer Science graduate with 6 months of experience as a Full Stack Developer at Urdaneta City University. Proficient in JavaScript, React, PHP, and PostgreSQL, with hands-on experience developing and maintaining scalable web applications, responsive user interfaces, backend systems, and database solutions. Experienced in implementing new features, optimizing system performance, troubleshooting technical issues, and ensuring a seamless user experience. Demonstrates strong problem-solving abilities, adaptability, and effective collaboration within development teams while managing multiple responsibilities in a fast-paced environment.

EDUCATION

PHINMA UPANG COLLEGE URDANETA (2025)

Bachelor of Science in Computer Science

PHINMA UPANG COLLEGE URDANETA (2021)

General Academic Strand (GAS)

Work Experience

Management Information System (MIS)

Full Stack Developer (2026) | Urdaneta City University

Developed and maintained web-based information systems for the university's administrative and academic operations using JavaScript, React, PHP, and PostgreSQL. Contributed to both front-end and back-end development, ensuring reliable performance, scalability, and a user-friendly experience.

- Designed and implemented responsive user interfaces using React and modern web technologies.
- Developed and maintained backend functionalities, and database structures using PHP and PostgreSQL.
- Built and enhanced modules for student records, billing, enrollment, and university management processes.
- Optimized system performance, improved application security, and resolved technical issues.
